Butterfly-type splint immobilization to prevent thenar flap detachment in children (tips & techniques). Gundes H, Tosun B, Buluc L, Alici T. 29(6):495-496.

Cemented femoral fixation: a historical footnote. Berend ME. 29(9):791-792.

Cemented femoral stem revision: is there still a role? Brooks PJ. 29(9):812-813.

Cemented or cementless stem fixation in THA: what is the current evidence? Kwon Y-M, Morshed S, Malchau H. 29(9):793-794.

Chronic seroma in the posterior leg compartment of a college football player (sports medicine update). Stemm J, Epler M, Couch CW, Smith K. 29(4):325-327.

Clinical results of primary low contact stress cementless total knee arthroplasty. Sorrells RB, Capps SG. 29(9):s42-s44.

Clinical values in computer-assisted total knee arthroplasty. Matsumoto T, Tsumura N, Kurosaka M, Muratsu H, Yoshiya S, Kuroda R. 29(12):1115-1120.

Collagen and biphasic calcium phosphate bone graft in large osseous defects. Grimes JS, Bocklage TJ, Pitcher JD. 29(2):145-148.

Comparison of two delivery methods of local anesthetic distribution after intra-articular knee injection. Jones RE, Gottlieb J, Kaiser B, Folk J, Van Hal M. 29(5):439-442.

Composite graft replacement of digital tips in adults (tips & techniques). Dagregorio G, Saint-Cast Y. 29(1):22-24.

Computed tomographic evaluation of component position on dislocation after total hip arthroplasty. Komeno M, Hasegawa M, Sudo A, Uchida A. 29(12):1104-1108.

Computed tomography of muskuloskeletal pathology (the cutting edge). Fayad LM, Fishman EK. 29(12):1076-1082.

Computer-assisted dynamic total knee arthroplasty using Whiteside's line for alignment. Picard F, Gregori A, Dean F, Mennessier A, Dillon J. 29(10):s104-s107.

Concepts in crotaline snake envenomation management (pharmacology update). Cox MR, Reeves JK, Smith KM. 29(12):1083-1087.

Current concepts and controversies in the management of radial head fractures (review). Roidis NT, Papadakis SA, Rigopoulos N, Basdekis G, Poultsides L, Karachalios T, Malizos K, Itamura J. 29(10):904-916.

Current concepts in joint replacement (guest editorial). Greenwald AS. 29(9):757-759.

Current status of navigated cup replacement in dysplastic cases. Kanesaki K, Hieda H, Nagata K. 29(10):s113-s116.

Current trends for the biological treatment of segmental

bone loss in high-energy long bone fractures (trauma update). Stein H, Horesh Z, Lerner A. 29(9):773-777.

Cyclooxygenase-2 inhibitors in human skeletal fracture healing (brief report). Daluiski A, Ramsey KE, Shi Y, Bostrom MP, Nestor BJ, Martin G, Hotchkiss R, Stephan DA. 29(3):259-261.

Delayed diagnosis of a symptomatic osteochondroma of the distal clavicle (case report). Kontakis GM, Karantanas AH, Pasku D, Alpantaki K, Katonis P, Hadjipavlou AG. 29(8):734-736.

Detection of gentamicin emission from bone cement in the early postoperative period following total hip arthroplasty. Bálint L, Koós Z, Horváth G, Szabó G. 29(5):432-436.

Diagnosis of peripheral vascular injury in extremity trauma (trauma update). Graves M, Cole PA. 29(1):35-37.

Dietary supplement and selective food interactions with warfarin (pharmacology update). Daugherty NE, Smith KM. 29(4):309-314.

Disk regeneration (interview). Vaccaro A. 29(12):1074-1075.

Dislocation of the first ray at the medial cuneonavicular joint in a football player (case report). Thompson TL, Cameron J. 29(6):547-548.

Distal radioulnar joint problems and treatment options (review). Ozer K, Scheker LR. 29(1):38-49.

Distal tibial fatigue fracture secondary to a retained syndesmotic screw (case report). Sewecke JJ, Schmidt GL, Sotereanos NG. 29(3):268-270.

Does aprotinin reduce blood loss in total hip arthroplasty (brief report)? Petsatodis G, Samoladas E, Christodoulou A, Hatzokos I, Pournaras I. 29(1):75-77.

Duplication of the clavicle (case report). Wilson TC. 29(1):79-80.

Dynamic stabilization of the lumbar spine. Cakir B, Richter M, Huch K, Puhl W, Schmidt R. 29(8):716-722.

Economics of new age arthroplasty, The: can we afford it? Sculco TP. 29(9):782.

Effect of RFE after arthroscopy, The (letters to the editor). Voloshin I. 29(4):292.

Elevation in compartment pressure following hypovolemic shock and fluid resuscitation: a canine model. Ablove RH, Babikian G, Moy OJ, Stegemann PM. 29(5):443-445.

Evaluation of elbow flexion and tinel tests for cubtital tunnel syndrome in asymptomatic individuals (tips & techniques). Kuschner SH, Ebramzadeh E, Mitchell S. 29(4):305-308.

Evolution of the low contact stress (LCS) complete knee system. Crossett L. 29(9):s17-s22.

Exploring the depths of minimally invasive quadriceps-sparing total knee arthroplasty (interview). Tria AJ. 29(3):214-215.

Extracting broken intramedullary femoral nails (tips & techniques). Maheshwari R, Tadross TSF. 29(10):880-881.

Femoral deformity correction: sometimes, always, never. Callaghan JJ, Liu SS. 29(9):806-807.

Femoral lengthening after transfemoral amputation. Walker JL, White H, Jenkins JO, Cottle W, VandenBrink KD. 29(1):53-59.

Fibrous dysplasia of the fourth metacarpal: en-bloc resection and free metatarsal transfer (case report). Verma RR, Paul A. 29(4):371-372.

Focus on total ankle arthroplasty (interview). DeOrio JK. 29(11):978-980.

Forearm diaphyseal fractures: which bone to synthesize first (letters to the editor), with editor's note? Salvi AE, Morgan SJ. 29(8):669-671.

Foreword. Dennis DA. 29(9):s6.

Freeing of hands for open reduction and internal fixation, The (tips & techniques). Lewicky YM. 29(12):1071-1073.

Functional results of navigated minimally invasive and conventional total knee arthroplasty: a comparison in bilateral cases. Song EK, Seon JK, Yoon TR, Park SJ, Bae BH, Cho SG. 29(10):s145-s147.

Future of double-bundle anterior cruciate ligament (ACL) reconstruction: incorporation of ACL anatomic data into the navigation system. Ishibashi Y, Tsuda E, Fukuda A, Tsukada H, Toh S. 29(10):s108-s112.

Future of spinal fusion, The (interview). An H, Phillips FM. 29(8):683-684.

Gender-specific (female) knee, The (interview). Booth RE Jr. 29(9):768-769.

Genetic key to a rare disease and its impact on orthopedics, The (guest editorial). Wolf JM. 29(8):672.

Glenoid replacement in total shoulder arthroplasty (the cutting edge). Keller J, Bak S, Bigliani LU, Levine WN. 29(3):221-226.

Graft-supplemented, augmented external fixation in the treatment of intra-articular distal radial fractures. Tyllianakis ME, Panagopoulos A, Giannikas D, Megas P, Lambiris E. 29(2):139-144.

Grafting long bone fractures with demineralized bone matrix putty enriched with bone marrow: pilot findings (brief report). Lindsey RW, Wood GW, Sadasivian KK, Stubbs HA, Block JE. 29(10):939-941.

Heating of non-ferromagnetic total hip endoprostheses during magnetic resonance imaging in an animal model (brief report). Drescher R, Kahle M, Koester O, Titschert A. 29(2):153-155.

Patellar surface after different treatment options in TKA, The (the cutting edge). Dömös P, Than P, Kereskai L, Bellyei Á. 29(8):685-688.

Pathologic hip fractures: a class of their own. O'Connor MI. 29(9):789-790.

Patient communication (guest editorial). Freeland AE, Freeland JT. 29(7):571-572.

Percutaneous osteoplasty for pelvic and spine metastases (the cutting edge). Papagelopoulos PJ, Mavrogenis AF, Kelekis AD, Katonis P, Galanis EC, Wenger DE, Sim FH, Soucacos PN. 29(4):316-323.

Percutaneous reduction of irreducible forearm fractures in children (tips & techniques). Köse N, Göktürk E, Turgut A, Seber S, Günal I. 29(7):584-586.

Perioperative autotransfusion systems in TKA are not necessary (brief report). Grimaldi NA, Sicuranza M, Eck JC. 29(11):1027-1029.

Perioperative infection control: an update for patient safety in orthopedic surgery (review). Gurkan I, Wenz JF Sr. 29(4):329-339.

Periprosthetic fractures: a problem on the rise. Gross AE. 29(9):787-788.

Phalangeal osteochondroma in a 2-year-old child (case report). Ozer K, Peterson SL. 29(10):943-944.

Pharmacokinetic considerations in the treatment of methicillin-resistant *Staphylococcus aureus* osteomylelitis (pharmacology update). Toma MB, Smith KM, Martin CA, Rapp RP. 29(6):497-501.

Pharmacokinetic alterations in obesity (pharmacology update). Lee JB, Winstead PS, Cook AM. 29(11):984-988.

Platelet-rich plasma application during closure following total knee arthroplasty (the cutting edge). Berghoff WJ, Pietrzak WS, Rhodes RD. 29(7):590-598.

Posterior cervical instrumentation (review). Tankson C, Chutkan NB. 29(8):695-700.

Posteromedial elbow approach for treatment of olecranon and coronoid fractures. Marchessault JA, Dabezies EJ. 29(3):249-253.

Postoperative clinical results in cubital tunnel syndrome. Yamamoto K, Shishido T, Masaoka T, Katori Y, Tanaka S. 29(4):347-353.

Postoperative lumbar spine infection (review). Darden BV II, Duncan J. 29(5):425-429.

Postoperative pain management: can transdermal patches help (pharmacology update)? Ball AM, Smith KM. 29(3):217-220.

Postoperative wound infection: 35 years of experience. Malinzak RA, Ritter MA. 29(9):797-798.

Practical review of the mechanisms of pain and pain management following ACL reconstruction, A (review). Noonan B, Chung KS. 29(11):999-1005.

Preoperative assessment of tibial nail length: accuracy using digital radiography. France MA, Koval KJ, Hiebert R, Tejwani N, McLaurin TM, Egol KA. 29(7):623-627.

Preoperative planning for revision TKA: where do you want to go today? In Y, Schmalzried TP. 29(9):844-846.

Prevention of contrast-induced nephropathy: a pharmacological overview (pharmacology update. Anderson AL, Smith KM. 29(10):893-895.

Professionalism: can we correct the problem from within (editorial)? D'Ambrosia R. 29(11):965.

Progressive thoracic scoliosis due to a large plexiform neurofibroma (case report). Dunst KM, Piza-Katzer H, Laufer G, Krismer M, Huemer GM. 29(2):163-164.

Prophylaxis of perioperative blood loss (pharmacology update). Ramsey EZ, Smith KM, Flynn JD. 29(8):689-692.

Proximal femur impaction grafting: when half a loaf will do. McLardy-Smith P, Hauptfleisch J, Pandit H, Gill HS. 29(9):814-815.

Proximal fixation with a modular stem in complex revision THA. McCarthy JC, Lee J. 29(9):816-817.

Pulsed electrical stimulation to defer TKA in patients with knee osteoarthritis (the cutting edge). Mont MA, Hungerford DS, Caldwell JR, Ragland PS, Hoffman KC, He YD, Jones LC, Zizic TM. 29(10):887-892.

Pyomyositis of the shoulder girdle (case report). Sokolowski MJ, Koh JL. 29(11):1030-1032.

Quality of reduction versus timing of surgical intervention for pediatric supracondylar humerus fractures. Carmichael KD, Joyner K. 29(7):628-632.

Quantum leaps in orthopedics (guest editorial)? Guanche CA. 29(1):11,15.

Radiologic case study: acute calcific retropharyngeal tendinitis. Sanghvi DA, Jankharia BG, Purandare NC, Sundaram M. 29(7):561,650-651.

Radiologic case study: aggressive periosteal reaction and Codman's triangle marginal to an osteosarcoma of the distal femur. Kim-Gavino C, Lomasney LM, Demos TC, Ryan D. 29(5):382,459-463.

Radiologic case study: atlantoaxial instability secondary to rheumatoid arthritis. Timpone V, Lomasney LM, Demos TC, Woods R, Rinella A. 29(11):963,1037-1041.

Radiologic case study: bone disease in sickle cell anemia. Patel A, Klassen C, Griffiths HJ. 29(6):470,552-554.

Radiologic case study: calcific tendonitis of the fibular collateral ligament. Schindler K, O'Keefe P, Bohn T, Sundaram M. 29(4):282,373-375.

Radiologic case study: elastofibroma dorsi. Chatham JR, Klassen C, Haddad H, Griffiths HJ. 29(1):2,86-88.

Radiologic case study: giant-cell tumor. Gruenwald N, Demos TC, Lomasney LM, Rapp T. 29(2):94,167-171.

Radiologic case study: knee dislocation. Bui K, Ilaslan H, Jones M, Sundaram M. 29(10):865,951-953.

Radiologic case study: localized pigmented villonodular synovitis. Mai MC, Demos TC, Lomasney LM, Harrington MA. (8):661,737-740.

Radiologic case study: necrotizing fasciitis. Perin J, Gentles C, Griffiths HJ. 29(12):1050,1132-1133.

Radiologic case study: patellar component loosening in total knee arthroplasty. Klassen C, Cotter JR, Griffiths HJ. 29(3):178,271-273.

Radiologic case study: rheumatoid arthritis. Klassen C, Kidwai A, Griffiths HJ. 29(9):749,856-858.

Rapid progression of metastatic bronchogenic carcinoma after felon drainage (case report). Gawley B, Motykie G, Piazza RC, Holding J, Gould LJ. 29(11):1035-1036.

Rationale for the posterior-stabilized rotating-platform knee. Maniar R. 29(9):s23-s27.

Redesigned threaded, double-cone titanium cups yield excellent mid-term results (point/counterpoint). Zweymüller K. 29(9):809-810.

Resection arthroplasty: when enough is enough. Barrack RL, Aggarwal A, Burnett RSJ. 29(9):820-821.

Results of an alternative autogenous iliac crest bone graft harvest method. Brawley SC, Simpson RB. 29(4):342-346.

Retrieving tendons (letters to the editor), with reply. Ames EL, Ho C, Schnall S. 29(6):479.

Retrieving tendon ends in zone II flexor tendon injuries (tips & techniques). Ho C, Schnall SB. 29(2):113-115.

Revision TKA: four cases that taught me new things. Vince KG, Abdeen A. 29(9):853-855.

Role of implant constraint in revision TKA, The: striking the balance. Lombardi AV Jr, Berend KR. 29(9):847-849.

Role of modular femoral components, The: distal fixation. Sharkey PF. 29(9):818-819.

Role of patellar resurfacing in TKA, The (point/counterpoint). Dennis DA. 29(9):832,834-835.

Role of radiofrequency-based devices in shaping the future of orthopedic surgery, The (guest editorial). Tasto JP. 29(10):874-875.

Rotational alignment of femoral components in total knee arthroplasty: nonimage-based navigation system versus conventional technique. Han HS, Seong SC, Lee S, Lee MC. 29(10): s148-s151.

Rotator cuff interval reconstruction. Roidis NT, Stennette D, Burkhead W Jr, Karachalios TS, Malizos KN, Itamura JM. 29(11):1021-1026.

Scaphoid stress fracture: an unusual cause of wrist pain in a competitive diver (sports medicine update). Hosey RG, Hauk JM, Boland MR. 29(6):503-505.

Sex and the total knee: gender-sensitive designs. Booth RE Jr. 29(9):836-838.

Short- and mid-term results after combined high tibial osteotomy. Papp M, Róde L, Fegyverneki S, Kazai S. 29(11):1014-1020.

Short segment fixation of thoracolumbar burst fractures. Scholl BM, Theiss SM, Kirkpatrick JS. 29(8):703-708.

Short-term recovery after anterior cruciate ligament reconstruction: a prospective comparison of three autografts. Joseph M, Fulkerson J, Nissen C, Sheehan J. 29(3):243-248.

"Silent" fracture mimicking osteomyelitis, A (case report). Athaneselis S, Panagiotopoulos E, Gliatis J, Dimacopoulos P, Lambiris E. 29(12):1127-1128.

Simple and inexpensive splint for phalangeal fractures, A (tips & techniques). Sankar B, Kamath V, Macdonald M, Murali SR. 29(5):407-409.

Single incision arthroscopic ACL reconstruction in skeletally immature patients with direct visualization of the femoral and tibial physes (tips & techniques). Thompson M, Flynn J, Wells L, Ganley TJ. 29(6):488-492.

Skeletal muscle hydatidosis in the forearm: an unusual location (case report). Uzel M, Yorgancigil E, Aksu S, Yildiz M, Veral A, Oztoprak I. 29(7):642-644.

Stabilization of osteotomies in children with developmental dislocated hip using external fixation (tips & techniques). Inan M, Harma A, Ertem K. 29(9):764-767.

Staying in rhythm: management of patients at risk for torsade de pointes. Blancett JR, Flynn JD, Akers WS, Smith KM. 29(1):31-33.

Stem cell research: past, present, and future (guest editorial). Lindeque BGP. 29(5):392.

Superficial radial nerve injury during standard K-wire fixation of uncomplicated distal radial fractures (brief report). Glanvill R, Boon JM, Birkholtz F, Meiring JH, Van Schoor AN, Greyling L. 29(7):639-641.

Supramalleolar tibial osteotomy secured with the Puddu plate (brief report). Best A, Daniels TR. 29(6):537-540.

Surgical technique tips and pearls in rotating-platform knee arthroplasty. Scott RD. 29(9):s64-s67.

Surgical treatment for atlantoaxial subluxation associated with mixed connective tissue disease (case report). Ohnishi K, Miyamoto K, Hashimoto K, Hosoe H, Shimizu K. 29(4):369-370.

Threaded acetabular cups: results inferior to cemented and ingrowth sockets (point/counterpoint). Cameron HU. 29(9):808,811.

Three decades of experience with unicompartmental knee arthroplasty: mistakes made and lessons learned. Scott RD. 29(9):829-831.

Tibial post impingement in posterior-stabilized total knee arthroplasty. Haas BD. 29(9):s83-s85.

Total hip arthroplasty after failed fixation of hip fractures. Kyle RF, Cooper J. 29(9):783-784.

Total knee arthroplasty with modular rotating-platform hinge. Jones RE. 29(9):s80-s82.

Transient hip osteoporosis (case report). Kalliakmanis AG, Pneumaticos S, Plessas S, Papachristou G. 29(3):263-264.

Treatment of epiphyseal injury of the distal ulna without associated radial fracture (case report). Yamamoto K, Tateiwa T, Takaaki S, Miyajima H, Nagai S, Imakiire A. 29(2):157-159.

Treatment of intra-articular comminuted os calcis fractures (tips & techniques). Hatzokos I, Karataglis D, Papadopoulos P, Dimitriou C, Christodoulou A, Pournaras J. 29(1):25-29.

Treatment of perioperative blood loss (pharmacology update). Ramsey EZ, Smith KM, Flynn JD. 29(9):770-772.

Trends in total knee arthroplasty. Dennis DA. 29(9):s13-s16.

Truth in advertising: the ethical limits of direct-to-consumer marketing. Booth RE Jr. 29(9):780-781.

Tuberculous osteomyelitis of symphysis pubis (case report). Bayrakci K, Daglar B, Tasbas BA, Agar M, Gunel U. 29(10):948-950.

Tuberculous osteomyelitis of the hand in a child (case report). Verma RR, Varma VR, Leahy B. 29(11):1033-1034

Tumoral calcium pyrophosphate dihydrate crystal deposition in the fifth metacarpophalangeal region (case report). Dagregorio G, Saint-Cast Y 29(2):161-162.

Twenty-year delay in diagnosing a glomus knee tumor, A (case report). Panagiotopoulos E, Maraziotis T, Karageorgos A, Dimopoulos P, Koumoundourou D. 29(5):451-452.

Type 3 SLAP tear with anterior and posterior extension (tips & techniques). Rizio L. 29(10):882-883.

Unusual presentation of a locked knee, An (case report). Khan A, Dowd GS. 29(1):81-82.

Unusual presentation of a paraspinal mass with involvement of a lumbar facet joint and the epidural space (case report). Singh K, Samartzis D, Pennington WT, Wise J, An HS. 29(3):265-267.

Upper gastrointestinal bleeding after hip and knee arthroplasty. Sharma S. 29(3):255-257.

Use of antibiotic bead chains for septic arthritis of bilateral knee joints (case report). Taniguchi D, Fujiwara H, Hamaguchi H, Tsuji Y, Kubo T. 29(7):645-646.

Use of a distal radius plate for treatment of a tibial plafond fracture (trauma update). Lavelle WF, Uhl RL, Purcell D. (29)11:989-990.

Use of minicondylar blade plates in the treatment of radial head and neck fractures, The (tips & techniques). Moore DR, Tanner SL, Jeray KJ. 29(11):974-

977.

Use of trochanteric nail for proximal femoral extracapsular fractures. Hofer M, Chevalley F, Garofalo, Borens O, Mouhsine E. 29(12):1109-1114.

Vancouver type-B2 periprosthetic femoral fracture (trauma update). Ferrara JM, Wood RD, Uhl RL. 29(5):423-424.

Venous thromboembolism following major orthopedic surgery: what is the risk after discharge (review)? Arcelus JI, Kudrna JC, Caprini JA. 29(6):506-516.

Wear-simulation analysis of rotating-platform mobile-bearing knees. Fisher J, McEwen H, Tipper J, Jennings L, Farrar R, Stone M, Ingham E. 29(9):s36-s41.

What's new in the treatment of focal chondral defects of the knee (sports medicine update)? Lattermann C, Kang RW, Cole BJ. 29(10):898-903.

Which implant do I pick? A glossary of promises. Victor J. 29(9):839-841.

Why knees fail: a tutorial. Cuckler JM. 29(9):842-843.

You can withdraw from that? The effects of abrupt discontinuation of medications (pharmacology update). Papadopoulos S, Cook AM. 29(5):413-417.
