

JOURNAL DESCRIPTION AND MISSION

The *Journal of Gerontological Nursing* is a monthly, peer-reviewed journal publishing clinically relevant original articles on the practice of gerontological nursing across the continuum of care and in a variety of health care settings. The Journal adheres to the Uniform Requirements for Manuscripts Submitted to Biomedical Journals (2010, www.icmje.org/urm_main.html) of the International Committee of Medical Journal Editors.

TYPES OF MANUSCRIPTS AND REQUIREMENTS

The Journal publishes Feature Articles and the following sections: Clinical Concepts, Diagnosis: Dementia, Geropharmacology, Public Policy, Research Briefs, and Technology Innovations. Research Briefs are reports of small-scale studies (e.g., pilot work). Reviews of the literature should use a systematic approach for finding and reporting studies, e.g., the PRISMA statement (www.prisma-statement.org) or the Cochrane Collaboration. Endnotes feature personal stories, poems, etc., about older adults. Length limits are provided in the table below.

LENGTH LIMITS FOR SUBMISSIONS			
Type	Text Words	References	Graphics ^a
Feature article	4,000	40	3-5
Research brief ^b	2,000-2,500	20	3
Endnotes	1,000-1,500	10	1
Letter to the editor ^b	500	5	0

^a Graphics include tables, figures, photos, and appendices. Exceptions may be possible, at the Editor's discretion.
^b Number of text words **INCLUDES** references and/or graphics.

All manuscripts must address the clinical nursing implications of the topic and/or research and include an abstract of approximately 150 words, focusing on findings and conclusions. References should emphasize the most recent and relevant works.

MANUSCRIPT SUBMISSION

Manuscripts must conform to the guidelines for manuscript preparation of the *Publication Manual of the American Psychological Association*, 6th edition (2010). ALL uploaded manuscript files should be devoid of author identification (e.g., name, institution), including title page, to facilitate blind peer review. All pages should be numbered. Manuscripts should be submitted electronically at www.RapidReview.com.

If applicable, authors should describe the role of the study sponsor, if any, in study design; collection, analysis, and interpretation of data; writing the report; and the decision to submit the report for publication. If the supporting source had no such involvement, the authors should so state. If applicable, authors must declare whether they had assistance with study design, data collection, data analysis, or manuscript preparation.

Reports of studies involving human subjects must indicate procedures for the protection of their rights, as well as IRB approval. If academic, hospital, organizational, or institutional affiliations are mentioned in the manuscript, it is the responsibility of the authors to obtain written permission from the proper authorities (e.g., dean, director) to use the names of such. If the manuscript reports on a registered clinical trial and has been assigned a trial registration number from a public trials registry, please provide this information.

IMAGE REQUIREMENTS

If photographs are submitted with a manuscript, written permission to publish must be obtained from all individuals pictured.

Drawings or computer-generated images submitted with a manuscript require permission to publish from the artist. Contact the editorial office at jgn@healio.com regarding release forms and/or questions. In case studies involving actual people, their written release is required.

Digital images must be high resolution (at least 300 dpi) and saved in JPEG or TIFF format. Image files should be uploaded separately from manuscript text files; images embedded in Word files and PowerPoint[®] slides are not acceptable.

COPYRIGHT AND PERMISSIONS

Manuscripts are considered with the understanding that they are submitted solely to the *Journal of Gerontological Nursing* and have not been published previously.

Authors must inform SLACK Incorporated if tables, photos, or illustrations have been previously published, whether by the author or another entity. Material reprinted from other publications (including electronic media and the Internet) must be accompanied by a letter of permission from the publisher, which extends non-exclusive worldwide rights to reprint the material for all forms of media now or hereafter developed to SLACK Incorporated. Content from U.S. government websites (e.g., NIH, CDC, USDHHS) is in the public domain and generally can be used without permission. However, some content on these sites may be from another source, in which case permission must be obtained from the copyright holder.

Before any manuscript can be considered for publication, the Author Statement must be completed in full, signed, and dated by each author. The Author Statement can be found in PDF format online at www.healio.com/JGN.

PEER REVIEW

The *Journal of Gerontological Nursing* is a juried publication employing the blind peer review system. All submissions will be evaluated using the following criteria:

1. The importance and relevance of the topic to gerontological nursing care; the generalizability of the ideas/research findings.
2. Readability; concise, logical ordering of ideas.
3. Sound rationale for ideas, including background.
4. Adequate documentation of ideas; citation of recent and relevant literature.
5. Appropriateness of inquiry methods, including design, sample, instruments, and procedures, if research.
6. Accuracy of content; soundness of conclusions.

Following unbiased review by the Editorial Board, Review Panel, and Editor, authors will be notified by e-mail of the manuscript decision. It is recommended that novice authors have their manuscripts reviewed by their well-published peers, instructors, or mentors prior to submission.

Upon publication, the Journal reserves the right to edit manuscripts, delete extraneous or excess material, and change or add titles and headings. It is not Journal policy to provide monetary compensation for articles. However, complimentary copies of the journal issue in which a published article appears will be mailed to the corresponding author.

LETTERS TO THE EDITOR

The Journal accepts letters to the Editor about previously published articles or other topics relevant to gerontological nursing practice. Letters may be edited for clarity or length, and may be submitted to the article author for a response. Letter authors must disclose any competing or conflicting interests, if applicable. Letters should be e-mailed directly to the editorial office at jgn@healio.com.
