

2020 Reviewers

Each individual listed has donated time, effort, and thought toward reviewing manuscripts written by his or her colleagues. This is a labor of personal and academic dedication, as reviewers receive no pay or recognition for their efforts—except this simple listing for reviews submitted in 2020. The peer review process is an essential element in the veracity of articles published in *The Journal of Continuing Education in Nursing*, an element that cannot be avoided, truncated, or subverted. Much more than that, however, are the helpful comments reviewers make to assist authors in rewriting their manuscripts. Please note our top 10 reviewers for the past year are indicated in the list with an asterisk. These reviewers are recognized for the quantity, quality, and timeliness of reviews they provide.
