ERRATUM for
ASSOCIATIONS BETWEEN DEHYDRATION, COGNITIVE
IMPAIRMENT, AND FRAILTY IN OLDER HOSPITALIZED PATIENTS:
AN EXPLORATORY STUDY

The article, “Associations Between Dehydration, Cognitive Impairment, and Frailty in Older Hospitalized Patients: An Exploratory Study,” which was published in the May 2016 issue of the Journal of Gerontological Nursing (Vol. 42, No. 5, pp. 19-27), has been amended to include a factual correction. An error was identified subsequent to its original publication. The prevalence of dehydration at exit was listed as 19% (n = 6) in the Abstract; the correct value is 21% (n = 9). The online article and its erratum are considered the version of record.
