

2013 Reviewers

Each individual listed has donated time, effort, and thought toward reviewing manuscripts written by his or her colleagues. This is a labor of personal and academic dedication, as reviewers receive no pay or recognition for their efforts—except this simple listing for reviews submitted from December 11, 2012, through December 15, 2013. The peer review process is an essential element in the veracity of articles published in the *Journal of Nursing Education*, an element that cannot be avoided, truncated, or subverted. Much more than that, however, are the helpful comments reviewers make to assist authors in rewriting their manuscripts.
