ERRATA

This article has been amended to include a factual correction. An error was identified subsequent to its original printing. On page 753 of the article “Progression of Keratoconus and Efficacy of Corneal Collagen Cross-linking in Children and Adolescents” by Chatzis and Hafezi, which was published in the November 2012 issue of the *Journal of Refractive Surgery*, the title of the article should be “Progression of Keratoconus and Efficacy of Pediatric Corneal Collagen Cross-linking in Children and Adolescents.” This error was acknowledged on page 72, volume 29, issue 1. The online article and its erratum are considered the version of record.

This article has been amended to include a factual correction. An error was identified subsequent to its original printing. In Table 1 on page 913 of the article “Femtosecond Laser Technology in Corneal Refractive Surgery: A Review” by Kymionis et al., which was published in the December 2012 issue of the *Journal of Refractive Surgery*, the Additional Procedures listed for Zeiss VisuMax should be “FLEx, SMILE, ICRS, LK, PKP” instead of “FLEx, SMILE.” This error was acknowledged on page 72, volume 29, issue 1. The online article and its erratum are considered the version of record.
