

## Thank You *HLRP: Health Literacy Research and Practice* Reviewers

*Michael K. Paasche-Orlow, MD, MA; Cynthia Baur, PhD; and Howard Cabral, PhD*

We founded this journal to serve as an intellectual gathering place for people working in the field of health literacy. This is a group effort. We are writing today out of gratitude for the people who contribute to this effort with the generosity of their time as reviewers of manuscripts submitted to our journal.

The work of reviewing is largely an uncelebrated and unrewarded task. We are deeply grateful for your contribution to the field and to the journal. Thank you for answering our call. Thank you for contributing your time and skill to ad-

vance the field of health literacy. Thank you for being excellent colleagues.

Below is a list of all the people who have provided reviews within the past year. Please note our top 10 reviewers for the past year are indicated in the list with an asterisk. These are the reviewers who have consistently contributed highly rated reviews. We have honored their work on the journal with contributions in their honor to an Adult Basic Education program in Boston, MA.
